## PERSON PROFILE

Aspiring Java Full Stack Developer with a solid foundation in Java, C, core Python, JavaScript, web development, and Java mobile app development. As a recent graduate, I am passionate about leveraging my skills to develop efficient, scalable applications. Eager to contribute to innovative projects and continuously upgrade my expertise within a dynamic and progressive company.

## EMPLOYMENT HISTORY

IT Trainer & Web Developer Intern at BasketHunt Pvt. Ltd.  
February 2024 — April 2024

During my time as an IT Trainer & Web Developer Intern at BasketHunt Pvt. Ltd., I was responsible for providing training and support to individuals and teams in web development technologies and practices. I actively contributed to the development of web projects, utilizing my skills in HTML, MEAN STACK DEVELOPMENT, CSS, JavaScript, VS CODE, CORE PYTHON, and JAVA. Additionally, I demonstrated leadership, teamwork, and management skills, fostering a collaborative and productive work environment.

Web Developer Intern at ReadyCoder  
November 2023 — January 2024

As a Web Developer Intern at ReadyCoder, I gained valuable experience in web development, working on projects that honed my skills in HTML, CSS, JavaScript, and MEAN STACK DEVELOPMENT. I collaborated with the development team to implement efficient and scalable web solutions, demonstrating analytical thinking and problem-solving abilities.
